

WHY INSIGHT?

AGENCY HISTORY & EXPERIENCE

Overview:

Insight is now over 18 years old - set up in 2000 to fill the need for a straightforward, direct, efficient, full service advertising & design agency.

**“BIG ENOUGH TO COPE WITH WORLDWIDE REQUIREMENTS...
SMALL ENOUGH TO BE COST-EFFECTIVE...”**

We have a “Can Do” approach and have proven ability, personnel & standards to compete against larger “Big Name” agencies, without you getting lost in the mix & the associated price tag.

At Insight, the answer is not always “Yes...” We will tell you what we think, not just what you want to hear.

We pride ourselves on a flexible approach. You can take as much of the “full service” as you see fit, we do not dictate it as such. We are happy to work as an extension of the Marketing Department as required.

Clients range from local Charities (pro bono) to Fortune 500 companies.
